WEDNESDAY MORNING, APRIL 26, 1865.

Conservatism

... whose ... several of the other parties, as ... were already dead.

... is a necessary element of national ... like many other good things it can ... While we avoid the ... we ... decidedly prefer to steer clear of the conservative tendencies of many ... a just medium exists ... between the two, where the ship of State ... her way ...

... It is not against ... States that we have been warring as a nation, but simply to preserve the nation itself and it would be worse than folly when rebellion is prostrate—when treason is fleeing the ... of its disaster, and the consequences of its breach ... to dignify its defunct ruins with a show of respect or revive them to rebellion again by a ... involving more than we can afford to concede. This fact is laid down plainly in our dispatches to day. Having refused to treat with treason when it was powerful with what consistency can it ask now for terms?

There was a plan of action that governed President Lincoln that he held to with firm and unyielding will. The terms that Lee received were ... liberal and magnanimous ... more than that they can neither expect or receive. Those who ... for conservatism, must be careful lest they find themselves developing a tenderness of feeling towards treason that is unwarranted by facts. It is easy enough under that name to cultivate a feeling of sympathy and even respect for traitors and treason while the true sentiment should be an abhorrence of those men and those acts that have so injured the land. Granting all the lenity we can—doing a ... good will that shall be like heaping coals of fire upon each rebel head—still the time will never come when we can recognize the Confederate States, as such, or treat with them in a manner that can warrant them in believing they have a vestige of power left.

Sherman has mistaken his mission no doubt actuated by the best and purest of motives in doing as he did, but as he left his action for the Government to ratify there is no great harm done. There is a point where the duty of the soldier ceases and the work of the statesman begins ... has seldom been the case that the great soldier has been powerful in the Cabinet. The intricate policy of State requires careful management of negotiations and at this juncture it is but just that ... In the meantime we have no idea that the conservatism of that great General will tend to opposition of the Government, but we hope to see the work he has so well carried on, soon completed without the shedding of another drop of blood.

From Grand Ronde Valley.—A correspondent from Union in Grand Ronde Valley, after giving some accounts of the growth of that section and development of its agricultural resources gives the following items of news, for which only we have room:

Already the great highway of this interior is swarming with travelers in every conceivable manner of progress. The coaches are always filled to overflowing—some with pack animals—some with packs upon their backs sufficient to load down a Spanish Jack; others more lucky or ... pack one animal and ride another, and again perhaps a dozen men will have one Cayuse heavily packed while they plod along regardless of inconvenience so they successfully arrive at the mines.

... It is strange that men will continue to shoot at one another when there is so much danger of being hurt. About two weeks since a couple of young men who were ... enjoyed the sport of emptying six shooters at each other both being wounded ... and day before yesterday one of them known as Col. Wilson, died from the effects ... of the shots. The other whose name is uncertain is likely to recover. Not less than six or eight men have this winter, received pistol shots at the hands of adversaries in this vicinity. For the sake of christian civilization we hope the time is not far distant, when to shoot a man will be an act of cowardice instead of bravery.

In the Willamette.—From the Oregon Statesman we cull the following items:

An unfurling peace Democrat residing near Salem, who had expressed pleasure at hearing of the assassination of President Lincoln, and had illuminated his house and fired guns in celebration of that event had taken to the brush with three more ... creatures who were his confederates, and they were hid away there armed to defend themselves against arrest for their vile conduct. If the Provost Marshal don't carry out the order ... regarding them, we shall have ... of the matter and probably give ex... to it.

... at ... on the Santiam, a locality where considerably more than the average amount of ignorance prevails, some Democrats ... publicly rejoiced over the news, firing a salute and hoisting a flag in honor of this their first, last and only victory. Words are thrown away on such cursed villains ... the Provost Marshal will there also find a ...

Mr. Garrett of Clackamas, a practical paper maker ... paper mill at Oregon City. The machinery is ... on the way from the East.

[illegible]

By Overland Telegraph.

(Especially for the Oregonian.)

DATES TO APRIL 24

Speech of President Johnson

Washington, April 24.—President Johnson's speech to the Indiana delegation yesterday was more important than any yet delivered ...

... now permit me to remark that while I have opposed dissolution and disintegration on the one hand, on the other I am equally opposed to centralization of power.

Health of Secretary Seward.

Washington, April 22.—The Surgeon General reports that Seward passed a very uncomfortable night, but has taken his breakfast with a relish and is quite as strong as yesterday. Fred Seward has improved within the last twenty four hours.

Washington, April 22, 9 P. M.—To Stanton: I have the honor to report that the Secretary of State is stronger and more comfortable tonight. Fred Seward's condition is justifying and requiring a further removal of the fragments of bone it was made this A. M. The operation was done well and has been productive of partial relief. BARNES, Surgeon General.

Progress of the Funeral Cortege

Philadelphia, April 21.—The body of President Lincoln remained in state till one o'clock. At three o'clock the line of march was taken up to the Trenton depot.

Trenton, N. J., April 21.—The funeral train with President Lincoln's remains reached here at half past 5 o'clock this morning. Gov. Parker and staff of New Jersey were taken on board at the dividing line.

New Brunswick, N. J., April 21.—The funeral train arrived here. An immense crowd was at the depot. Minute guns were fired while here until it left. The train consisted of nine cars and left at 7.45.

Sherman's Order to his Troops.

Raleigh, N. C., April 19.—The General commanding announces to the army the suspension of hostilities and the agreement with General Johnston and his officers, which, when formally ratified will make peace from the Potomac to the Rio Grande. Until absolute peace is arranged the line passing through Tyrrel Mountain Hall, Durham's Station and West Point on the Neuse will separate the two armies. Each commander will group his corps entirely with a view to comfort. Military discipline must still be maintained. The General hopes and believes that in a very few days it will be his good fortune to conduct you all to your homes. The fame of this army for courage, industry and discipline is admitted all over the world. Let each officer and man see that it is not stained by any act of vulgarity, rowdyism and petty crimes. Cavalry will patrol the front of the lines. Gen. Howard will take charge of the district from Raleigh up to the cavalry; Gen. Slocum on the left of Raleigh, Gen. Schofield in Raleigh and on its right and rear. Quartermasters and Commissaries will keep their supplies up to light loads for wagons. Railroad Superintendents will arrange depots for the convenience of each separate army. (Signed) SHERMAN.

Miscellaneous

The Lake City, Florida, *Columbian* announces that Gov. Milton of Florida, has committed suicide by shooting himself.

Washington, April 21, 10 o'clock, A. M.—The Secretary of State is free from pain and stronger this morning. Frederick Seward passed a quiet night.

Cincinnati, April 24.—Howston Hall, Dayton, Ohio, was destroyed by fire this morning. Loss $70,000.

New York, April 24.—The *Post's* special says: Arrangements have been made to prevent the war with overwhelming energy.

Capt. Smith of the brig *J. Titus* from Bermuda reports that the United States Consul there had learned that Dr. Blackburn of Wilmington, N. C., had collected four bales of infected clothing from the hospital, which he intended to ship for New York, for the purpose of spreading yellow fever in the city. The clothing was seized and was to be burned.

New York, April 23.—The Toronto papers contain affidavits stating that the notorious McDonald of that city, together with a man named Dennis, were preparing a piratical vessel at Collingwood ... for the purpose of plunder on the lakes. The scheme has been frustrated by the seizure of the vessel.

The *Herald's* Washington special dispatch says: Paroled rebel prisoners have arrived there from their former places ... and that the Government will have to take some action to rid the city of their presence. It has been deemed proper to place a guard around the residence of Chief Justice Chase.

About twenty per cent. of the clerks in the Bureau of Deserters have been dismissed as unnecessary.

New York, April 24.—The *Times* special says: Gen. Chapman secured a basis of agreement similar to that obtained by Johnston. A person present at the consultation informed the correspondent that a memorandum ... agreement was drawn up by Gen. Chapman in the presence of 22 federal and ... rebel officers ...

Why Sherman's Terms were not Agreed to.

Washington, April 2.... The principal reasons ... Sherman ... were as follows:

1st. It was an exercise of authority ...

2d. It was a practical acknowledgment of the rebel government.

3d. It undertook to establish the rebel State governments ...

4th. By restoration of rebel authority in their respective States they would be enabled to re-establish slavery.

5th. It might furnish ground of ...

GRAND ANNIVERSARY BALL!!

OF THE

INDEPENDENT ORDER OF

ODD FELLOWS!

APRIL 26TH, 1865.

A MAJORITY OF THE MEMBERS OF THE ORDER ...

...

Tickets can be had of any of the Reception Committee ... Oregon City ...

CELEBRATION

BY THE

INDEPENDENT ORDER OF

ODD FELLOWS!

WEDNESDAY, APRIL 26TH, 1865.

BY AUTHORITY GRANTED BY THE M. W. GRAND Master of the Grand Lodge of Oregon, and the M. W. Grand Patriarch of the Grand Encampment of California, the members of Samaritan Lodge and Ellison Encampment of this city ... in this city on the 26th instant ... of the 46th Anniversary of Odd Fellowship in the United States.

The principal feature of the proposed Celebration will be a public procession ... of the Order in full regalia ... from their Hall through the principal streets of the city to the M. E. Church ...

All members of the Order in good standing are respectfully invited to co-operate with us in that occasion ...

J. STITZEL, ... BROOKS, J. F. SHARTLE, HENRY DEALINGER, JAMES W. ... Committee of Arrangements.

Hall of Samaritan Lodge No. 2, I. O. O. F., Portland, April 10, 1865.

WISTAR'S BALSAM OF WILD CHERRY

IS FOR SALE BY

REDINGTON & CO.,
416 and 418 Front Street, San Francisco, and by all Druggists.

Cure Your Cold, Save Your Lungs.

NEWELL'S

PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption.—[Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supercede all similar preparations. It is due surprising you should be reluctant to try something else after the many experiments you have made, of trashy compounds foisted on the public ...

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM?

Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

He Had a Cold!

Which, by some injudicious prescription, had been converted into asthma. Let me say to Dr. Hall that that "prescription" was not

NEWELL'S PULMONARY SYRUP.

KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indications of a Cold, and you will thank and speak of it as all do who have become acquainted with its merits.

REDINGTON & CO., Sole Agents,
416 and 418 Front street, San Francisco.
For sale by all respectable Druggists.

[illegible] place,
[illegible]
Take [illegible] spirits who wait
And see through Heaven's gate
Angels within it. — *Thackeray.*

The Oregon Railroad. – The following is the bill which finally passed Congress to authorize a[illegible] in the construction of a railroad connecting the Pacific Railroad in California with the Columbia river in Oregon and Puget Sound.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the California and Oregon Railroad Company, organized under an Act of the Legislature of the State of California to protect certain parties in and to a railroad survey to connect Portland, Oregon with Marysville, California, approved April 6, 1863, be, and they are hereby, authorized and empowered to lay out, locate, construct, furnish, and maintain a railroad and telegraph upon the following route, viz: Beginning at the city of Marysville, in the State of California, thence northerly, by the most eligible route, through the Sacramento Valley, in the State of California, and the Rogue river, Umpqua and Willamette Valleys, in the State of Oregon, to the navigable waters of the Columbia river.

Sec. 2. And be it further enacted, That the right of way through the public lands be, and is hereby, granted to the California and Oregon Railroad Company for the construction of said railroad and telegraph, and the right, power and authority is hereby given to said company to take from the public lands, adjacent to the line of said road, earth, stone, timber and other materials for the construction thereof. Said right of way is granted to said railroad to the extent of two hundred feet in width on each side of said railroad where it may pass through the public domain, including all necessary grounds for stations, buildings, workshops, depots, machine shops, switches, side tracks, turn tables and water stations. And the United States shall extinguish, as rapidly as may be, the Indian titles to all lands falling under the operation of this Act and donated to the roads named herein.

Sec. 3. And be it further enacted, That there be, and hereby is, granted to the said company, its successors and assigns, for the purpose of aiding in the construction of said railroad and telegraph, and to secure the safe and speedy transportation of the mails, troops, munitions of war and public stores over the said line of railway, every alternate section of public land designated by odd numbers, to the amount of ten sections per mile on each side of said railroad and contiguous thereto, and the Secretary of the Interior shall withdraw from sale the public lands on each side of said road, and not more than twenty miles therefrom, as soon as a map of the survey of said railroad shall be filed in his office: Provided, That this grant shall not defeat or impair any pre-emption, homestead, swamp land or other lawful claim, existing at the time of the final location of the line of said road, and all reservations of the Government and all lands containing mines of the precious metals are excluded from the operation of this section. And the lands herein granted shall be applied to the building of said road within the State wherein they lie.

Sec. 4. And be it further enacted, That whenever the said company shall have twenty or more consecutive miles of any portion of said railroad and telegraph ready for the service contemplated by this Act, the President of the United States shall appoint three Commissioners to examine the same, and it shall appear that twenty consecutive miles of railroad and telegraph shall have been completed and equipped in all respects as required by this Act, the Commissioners shall so report under oath to the President of the United States, and patents of land as aforesaid shall be issued to said company, granting and conferring to said company the right and title to said lands, and from time to time whenever twenty or more additional consecutive miles shall have been constructed, completed, and in readiness as aforesaid, and so verified by said Commissioners to the President of the United States, then patents shall be issued to said company, conveying the additional sections of land as aforesaid, and so on as fast as every twenty miles of said road is completed as aforesaid.

Sec. 5. And be it further enacted, That the grants aforesaid are made upon condition that the said company shall keep said railroad and telegraph in repair and ready for the Government use, and shall at all times transport mails, troops, munitions of war, supplies and public stores upon said railroad for the Government, whenever required to do so by any department thereof, and that the Government shall at all times have the preference in the use of the same for all the purposes aforesaid, at fair and reasonable rates of compensation, not to exceed the amount paid by private parties for the same kind of service.

Sec. 6. And be it further enacted, That said company shall file their assent to this act in the Department of the Interior within six months after the passage of this act, and shall complete said railroad and telegraph, as hereinafter provided, to the northern boundary of the State of California before the first day of July, 1872. And the line of said railroad shall connect with the Central Pacific Railroad in California. And the said railroad shall be the same gage as the Central Pacific Railroad "and that is four feet eight and one-half inches." And that portion of the line of said railroad running through the State of Oregon shall commence at a point on the navigable waters of the Columbia river, running thence southerly to the State line between Oregon and California, connecting with the California portion of said railroad, and be completed previous to July 1st, 1872.

Sec. 7. And be it further enacted, That in case said company shall fail to comply with the terms and conditions of this act by not completing this road within a reasonable time, or by not keeping the same in repair and fit for use, but shall permit the same for an unreasonable time to remain unfinished or out of repair and unfit for use, Congress may pass an act to insure the speedy completion of said road and branches or put the same in repair and use, and may direct the income of said railroad to be thereafter devoted to the use of the United States to repay all such expenditures caused by the default and neglect of said railroad company.

Sec. 8. Be it further enacted, That the said California and Oregon Railroad Company, their associates, successors and assigns, are to be governed by the general railroad law of California, as to the construction and management of the road, in all matters wherein the same is not provided for in this act.

Sec. 9. And be it further enacted, That the said California and Oregon Railroad Company shall relinquish and assign to the California and Columbia River Railroad Company, a corporation existing in the State of Oregon, the exclusive right to construct all of that portion of the road in the State of Oregon, together with all the grants of land as above provided for per mile to said portion of the road, as soon as the Legislature of the State of Oregon shall have passed the necessary laws for the protection of said company.

Sec. 10. And be it further enacted, That the Yuba Railroad Company, organized under the railroad laws of the State of California, are hereby authorized and empowered to lay out, locate, construct, furnish and maintain a railroad and telegraph upon the most eligible route from the city of Marysville, to connect with the Central Pacific Railroad of California within twenty miles of the city of Sacramento, upon the same terms, conditions, obligations and restrictions, and with the same grants, privileges, rights and benefits in all respects as are imposed and conferred by this Act upon the said California and Oregon Railroad Company.

Sec. 11. And be it further enacted, That the Puget Sound and Columbia River Railroad Company, authorized under the laws of the Legislative Assembly of the Territory of Washington are hereby authorized and empowered to lay out, locate, construct, furnish and maintain a railroad and telegraph upon the most eligible route from Puget Sound to the Columbia river, to connect with the California and Columbia River Railroad, upon the the same terms, conditions, obligations and restrictions, and with the same grants, privileges, rights and benefits, in all respects as are imposed and conferred by this Act upon the said California and Oregon Railroad Company.

A man in Dryden, New York, lost his wife on Sunday, married his servant girl on Monday, and both went to the funeral on Tuesday.

THE OREGON FARMER.

"Take Time by the Forelock." – This is an old phrase, but an important one. The pictures we see of Time personified give to him a prominent forelock. Hence it is meet, if we wish to accomplish an object, great or small, we should seize Time by the forelock.

Spring is coming. There is a good deal of work to be done in Winter and Spring profitably. We can see to the surroundings of our dwellings — our orchards, our fences, our yards. We have seen many farms without the small fruit shrubbery, from which we can gather valuable varieties of fruit advantageous to health and gratifying to the palate. Currant, gooseberry, raspberry and blackberry plants can be planted out in favorable weather the present winter.

In order to secure the best and largest currants, the ground should be somewhat dry, well worked and in good order. The best currants are grown on shrubs, cultivated as miniature trees. Cut rind slips of last year's growth should be taken, 12 or 14 inches long, all the buds taken out to within three inches of the top, and the cuttings be put in the ground to the depth of six inches, about two feet apart. These plants, if properly cared for, will produce fruit the second year of great excellence.

Gooseberries can be grown in the same manner. There is a common variety cultivated in Oregon which is of no value. There are large fruited varieties, which bear well, and their fruit is not subject to mildew. Houghton's Seedling, a hybrid variety, between the Eastern wild gooseberry and the foreign, which yields abundantly, fruit excellent but small. The fine varieties can always be found at the nurseries.

All the foreign raspberries do well here. The native variety produces well, and if properly thinned out and cared for, will give good satisfaction. No small fruits will produce well if too much crowded. The wild raspberry has a flavor very agreeable to many.

The Lawton or New Rochelle Blackberry, is a most valuable fruit. Plants of this can be now had in Oregon at little cost at the nurseries. A few plants can be rapidly increased. The roots of the plants can be cut into pieces two inches long, and every piece will make a plant. Or a spade can be thrust down all around the old plants, and numbers of new plants will show themselves in the succeeding Spring. A slight shade is an advantage to the Lawton, a fair, intense sun will destroy the fruit. No farmer will ever regret the time he may take in cultivating this fruit.

In making preparations to grow these fruits, "now is the accepted time."

Funeral Ceremonies. – Immediately on the reception of the news last Wednesday, that the funeral of President Lincoln would take place at noon on that day, Judge Stratton adjourned the Circuit Court, then in session at this place, the business houses were draped in mourning, the bells tolled, and a profound gloom seemed to overshadow the land. At one o'clock a large impromptu meeting was held at the Court House, Dr. Hanchett acting as chairman. Brief eulogies and appropriate remarks, on the character of the distinguished dead, were made by Revs. G. W. Bond and J. McCormac, Judges Stratton and Risdon, Col. Kelsey, of Corvallis, A. A. Skinner, J. F. Watson and Chadwick, of Roseburg, and others. The ceremonies were the most solemn and impressive ever witnessed in this community, as they have been throughout the length and breadth of the United States.– *State Journal.*

Amendment to the Law concerning the Measurement of Vessels.– The following Act was passed at the late session of Congress and is now a law. It explains itself:

An Act to amend an Act entitled "An Act to regulate the measurement of tonnage of ships and vessels of the United States," approved May 6, 1864.

Be it enacted by the Senate and House of Representatives of the United States in Congress assembled, That the act entitled "An act to regulate the admeasurement of tonnage of ships and vessels of the United States," approved May 6, 1864, shall be so construed that no part of any ship or vessel shall be admeasured or registered for tonnage that is used for cabins or state rooms, and constructed entirely above the first deck, which is not a deck to the hull. Approved Feb. 28, 1865.

It is said Archbishop M'Closky, of New York, has publicly endorsed the late Encyclical of the Pope, and has proclaimed to his flock that the Pope spoke by divine authority, and that his words should be received with humility and obedience. On the other hand the Archbishop of Baltimore, says it is unjust and unfair to stretch the words of the Pontiff—so as to make them include the state of things established in this country by our noble constitution in regard to the liberty of conscience, of worship, and of the press.

A bounty jumper, who was one of a lot of recruits in Illinois, was on his way to join his regiment, and when near Springfield, leaped from the car window while the train was moving fifteen miles an hour. The guard on the platform saw him and fired; a lieutenant and two soldiers leaped off and gave chase, firing at him. He was brought down by four balls in his body, from the effects of which he soon died. In his pocket were found five forged discharges.

A. O. P. Nicholson, formerly a Senator in Congress, and the same gentleman to whom General Cass wrote his famous Nicholson letter, has just been released from the Tennessee Penitentiary, and ordered to be tried for conspiracy against the Government. He has been playing fast and loose for three years, trying to be loyal and rebel at the same time. All such are traitors.

A correspondent asks if it is possible to get the name of General Schimmelfennig, the Commander of Charleston, into rhyme. Guess so:

"The gallant Dutchman, Schimmelfennig
Holds Charleston as he would a hen's egg;
He grabs the traitors by the ear,
And brings them to their lager beer.
We wish we had a million such men
As this bold rebel-hating Dutchman."

In the procession in Washington on Inauguration Day, part of a regiment of colored soldiers marched in the line, followed by the members of a colored Masonic lodge. White soldiers were in front and rear of these black men. The band of the colored regiment played, among other airs, "Massa's Lying in the Cold, Cold Ground."

Two hundred and seventy-five persons have been killed during the past ten years in Massachusetts, while standing or walking upon rail road tracks. These facts are published from year to year, and yet people persist in exposing themselves to this danger.

It is stated that a single express company transports from Virginia city, Nevada, fifty thousand dollars in silver bullion daily, and that from a tract of country around that city, of not more than twenty-five miles square, over $20,000,-000 of silver have been shipped during the past twelve months. And yet the wealth of the silver mines of Nevada is scarcely comprehended, and the extent remains unestimated.

The condition of the people of Texas may be inferred from the fact stated in the Houston *Telegraph*, that more than four hundred families in that city (of less than 8,000 inhabitants) are dependent upon charity for the necessaries of life.

A lady who had [illegible] to give after hearing a charity sermon, had her pocket picked as she was leaving the church. On making the discovery, she said: "God could not find the way to my pocket, but the devil did."

Buffalo are becoming scarce in the western hunting grounds. They have been so much disturbed of late by roving Indians, that they are seeking more retired homesteads, far away, near the Rocky Mountains.

Last year the cities of Troy, Utica, Rochester, Oswego and Lockport, elected opposition Mayors, now they are all right. All of them but Lockport gave majorities for McClellan and Seymour last Fall.

The United States revenue cutter *Joe Lane* arrived in San Francisco, four and a half days from Puget sound — the quickest trip of a sailing vessel on record, and good time even for a steamer.

A Chinaman in Sacramento, who has been annoyed by the Union demonstrations the past week, tells the *Bee* that "Melican man too muchee New Year." John is probably a Copperhead.

A railway is to be built in Palestine. It will connect Jaffa with Jerusalem, will be about 40 miles long, and with a harbor at Jaffa, will cost $2,000,000.

Carpenter's Shop!

THE WORLD RENOWNED SINGER SEWING MACHINES!

MANUFACTORY:

182, 184, 186, 188, 190 and 192 Mott street, New York.

Motto: "The Singer Sewing Machines are the only Machines that can Sew all kinds of Cloth, and with all kinds of Thread."

Singer's Letter A Family Machine is the best and cheapest Machine in the world for Family Sewing. There is no doubt as to the value of our Machines for manufacturing purposes, but it is only of late that the public has come to learn that, the essential elements of a Machine best adapted to the heaviest work, would also be the best for the embroidery Family Machine.

We stand back for our Letter A Machine as the strongest and best Machines in the World, and all those who want Machines for Light Manufacturing Purposes. They embody the principles of the Manufacturing Machines, making, like them, the great lockstitch and are destined to be as celebrated for FAMILY SEWING and Light Manufacturing purposes as our Manufacturing Machines are for manufacturing purposes in general.

FAMILY SEWING MACHINES are valuable in proportion to the number of things they can do well. Few others can do half so many, a purchase.

All persons requiring information about Sewing Machines, their sizes, prices, working capacities, and the best method of purchasing, can obtain it by sending for a copy of the Singer Manufacturing Company's Illustrated Pamphlet, which is entirely devoted to the subject. It will be sent gratis.

Gardenville, March 26, 1865.

Messrs. Tilton & McFarland, Safe Manufacturers, Boston, Mass.

Gentlemen: From representations made by Dr. Lillie, I was induced to purchase of him one of his

So Called "Fire Proof Safes,"

On the 13th of February last, a fire occurred in our block which destroyed a number of buildings, and our own with the rest. We trusted our books, papers and all in the safe. After the fire the so called "safe" was taken from the ruins, and on opening it we found that

Everything had been Destroyed.

We send you the safe, with what is left of the papers, and you will see that not one of them is legible or strong enough to sustain its own weight. Having the curiosity to know how our neighbors fared in the fire, we noticed McKenzie & Hardy just opening their safe (TILTON & McFARLAND'S make), and its contents were found to be

In Perfect Condition.

This led us to further investigation, and we found to our astonishment that from the large amount of combustible material in Messrs. McK. & H.'s cellar — such as lard, pork, etc. — their safe was subjected to a much greater heat than that of our own, ours being in the third building and had but little in the cellar. There was another of Lillie's safes here subjected to the same fire, faring, however, no better than ours.

Very respectfully, Your obedient servants,

(Signed) — GEO. L. CHESBORO & CO.

TILTON & M'FARLAND'S SAFE,

The Only Protection

Against Fire and Burglars.

For the last Fifteen Years

This Safe has been well known in California and the Eastern States. They have resisted all the fires on the Pacific Coast, and we can point with satisfaction to the record that

No Man ever Lost a Dollar

out of one of our Safes by means of Burglars. Their fire and burglar proof qualities are so well known that they need no further recommendation.

A good assortment of Tilton & McFarland's Fire and Burglar Proof Safes to be had at

318 Battery Street, San Francisco.

ALLEN'S LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS, Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

Its action is expectorant, alterative, sudorific, sedative, diaphoretic and diuretic, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

SMITH & DAVIS, PORTLAND, OREGON,

Oct. 24, 1864—d&wtf — General Agents for the State.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

The astonishing success which has attended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once relieved, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The drooping, trembling victim of depression and debility becomes a new man. He stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine acts on the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING,
OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. [illegible] If in these cases, and a trial will convince [illegible].

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back and through the hips? A [illegible] bottle of CONSTITUTION WATER will relieve you like magic.
